

THE STUDENTS' CONFERENCE.

The Editor regrets that owing to a mistake the dates for the proposed 1905 Conference were wrongly given in the last issue.

The students, it is hoped, will assemble at Ambleside on Monday, May 1st (as Easter Day falls on April 23rd), and the Conference will be held during the week, extending over the Sunday if circumstances permit, and terminating on the subsequent Monday.

By another error the name of Miss Goode was accidentally omitted from the names of the Conference Committee—which should have been given as follows :

EX-OFFICIO MEMBERS :

The Secretary, E. C. Allen.

The Treasurer, L. Gray.

The Editor, R. A. Pennethorne.

The Senior Monitress of the House of Education.

ELECTED MEMBERS :

S. Hirtzel.

B. Goode.

F. Rankin.

E. Wilkinson.

W. Kitching.

H. Wix.

All these are especially begged to attend the meeting on December 17th, in the York Rooms, or to send their views on the Conference programme to one of the other members *before that date.*

May I venture to remind students that the subscription for the coming year falls due in December. I should be glad to receive as many as possible before Christmas, as one is so apt to forget such things in the holidays. As the result of much "whipping," only three students still owe subscriptions for 1904, but it would save much expense and labour could the "whips" be dispensed with. I hope that all students who attend the Students' Meeting in December will be able to pay their subscriptions then.
